

Swiss Life Asset Managers

At a glance

August 2020

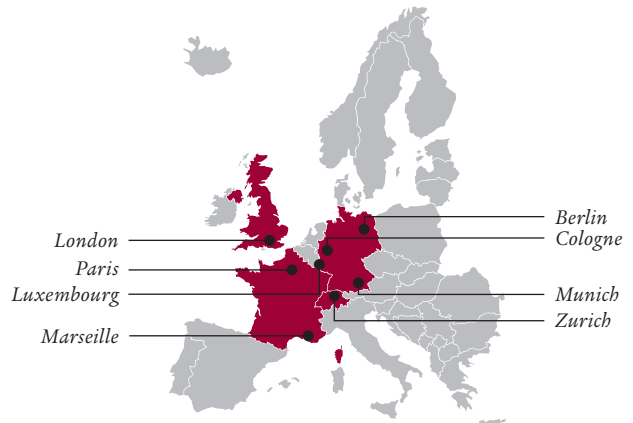

Who we are

We are a well-known, ambitious and reliable European asset manager and a leading institutional real estate asset manager in Switzerland, France, Germany, Luxembourg and the UK.

We have a successful over 160-year track record in risk management. Our core competencies include offering and actively managing a broad range of fixed income, real estate, equities, infrastructure and multi-asset investment solutions.

Our ambition is to ensure stable long-term investment results. This builds the basis for our clients to undertake solid long-term planning with self-determination and confidence.
